

We completed an audit at the beginning and the middle of the year to monitor healthy snacks. We recorded our results using tally marks and showed our results using bar charts.

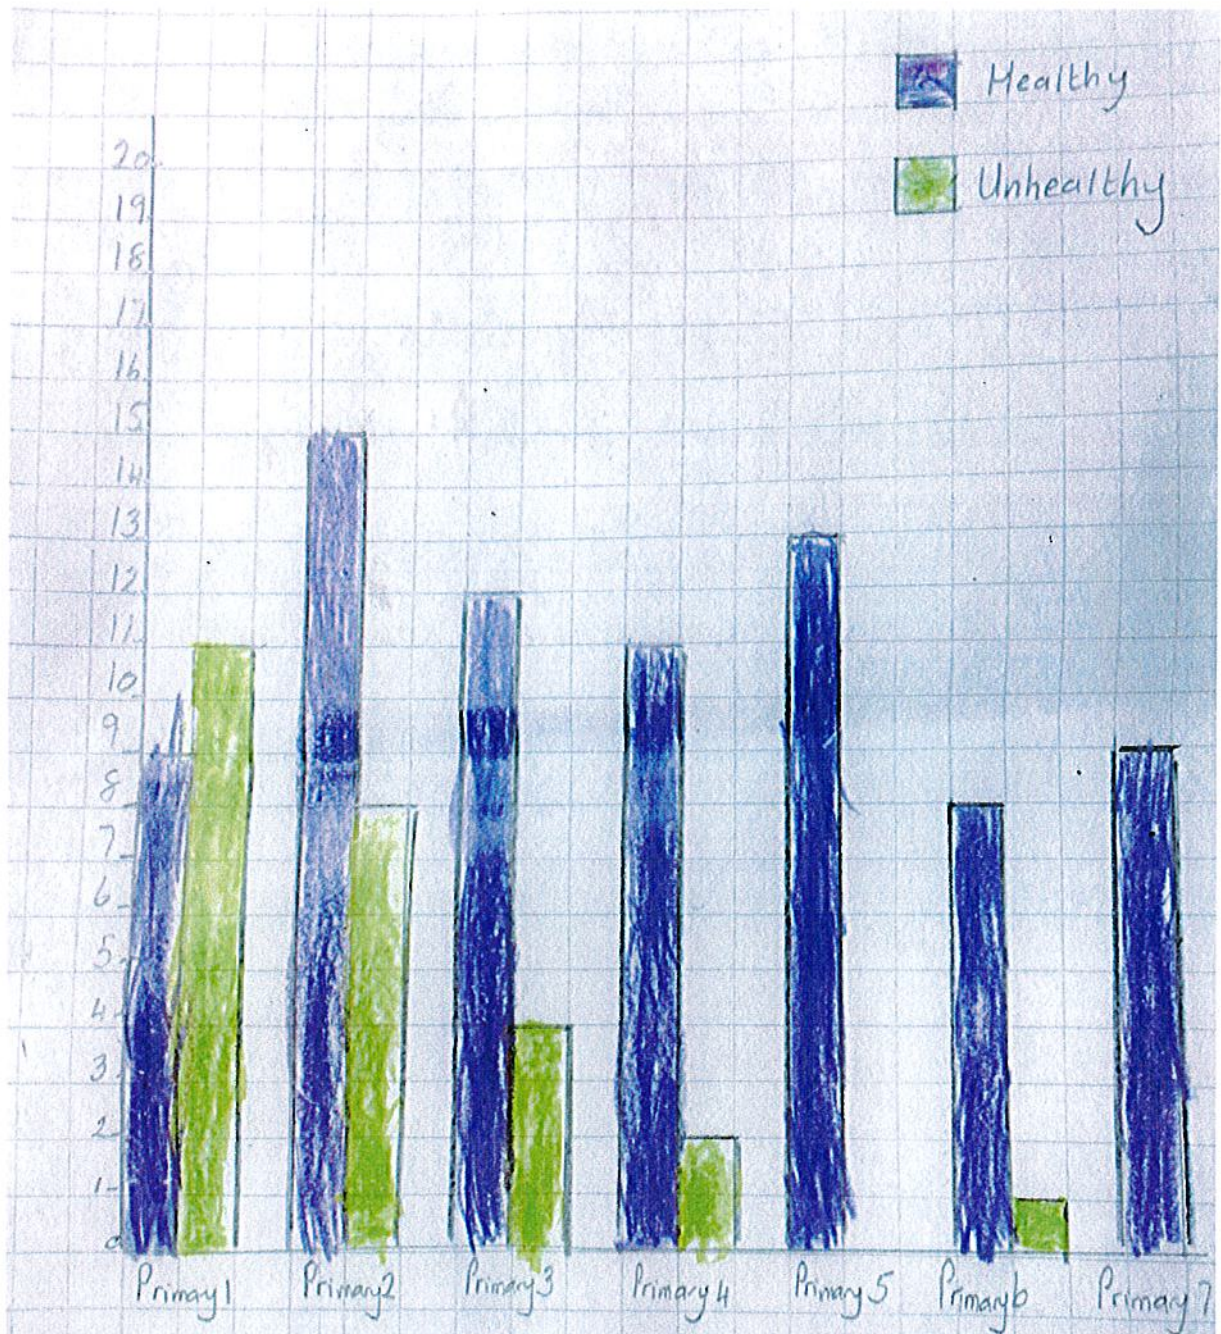

In October we noticed a lot of children had a healthy snack. Children in P.1 and P.2 had a higher number of unhealthy snacks. The teachers will remind all children and parents about our 'Boost Better Breaks' programme.

Target 1: To complete an audit at the beginning, middle and end of the year to monitor healthy snacks. (October)

A lot of children had a healthy snack
children in P1 and P2 had a higher
number of unhealthy snacks. The
teachers will remind parents on
curriculum night.

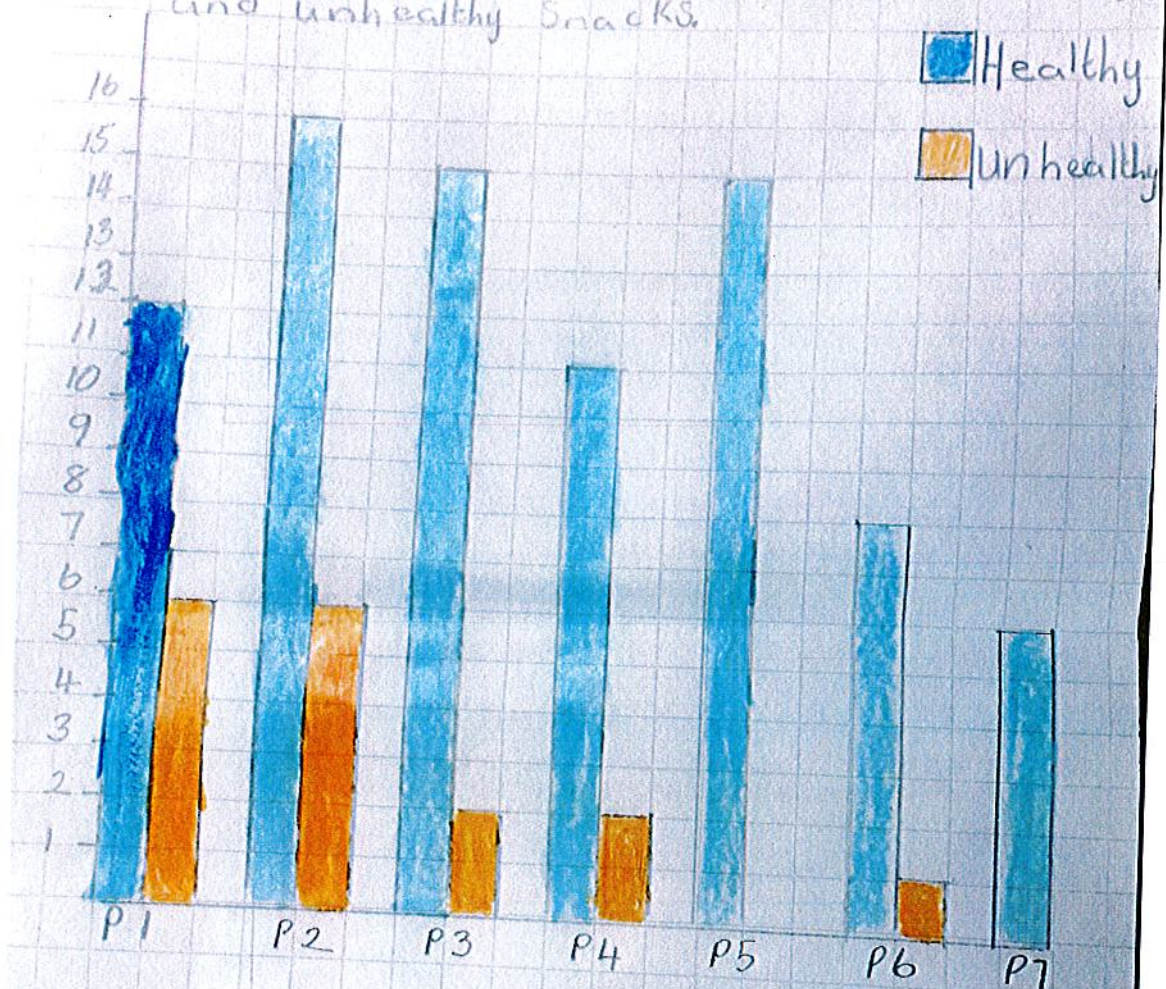

In February we noticed that most of the children in our school had a healthy snack. A smaller number of children in P1 and P2 had unhealthy snacks. There has been a big improvement. Mr Farrell and the teachers will remind all the children about the importance of healthy snacks and 'Boost Better Breaks.'
